Vol. 30, Supplement 1

CONTENTS

DECEMBER 2013

(Abstracts/contents list published in: AGRICOLA, Biological Abstracts, Biological & Agricultural Index, Current Awareness in Biological Science, Elsevier BIOBASE/Current Awareness in Biological Sciences, Ecological Abstracts, Environment Abstracts, EMBiology, Environmental Periodicals Bibliography, Excerpta Medica, FSTA, Food Science and Technology Abstracts, Geo Abstracts, Geobase, TROPAG and RURAL Database. Also covered in the abstract and citation database Scopus®. Full text available on ScienceDirect®)

SPECIAL ISSUE: Red Tides in Korea

Understanding and managing red tides in Korea H.J. Jeong and C.K. Kang	S1
Monitoring and trends in harmful algal blooms and red tides in Korean coastal waters, with emphasis on <i>Cochlodinium polykrikoides</i> C.-K. Lee, T.-G. Park, Y.-T. Park and W.-A. Lim	S3
Interannual nutrient dynamics in Korean coastal waters T.-W. Kim, K. Lee, C.-K. Lee, H.-D. Jeong, Y.-S. Suh, W.-A. Lim, K.Y. Kim and H.-J. Jeong	S15
Mixotrophic dinoflagellate red tides in Korean waters: Distribution and ecophysiology J. Park, H.J. Jeong, Y.D. Yoo and E.Y. Yoon	S28
Raphidophyte red tides in Korean waters H.J. Jeong, Y.D. Yoo, A.S. Lim, T.-W. Kim, K. Lee and C.K. Kang	S41
The red-tide ciliate <i>Mesodinium rubrum</i> in Korean coastal waters W. Yih, H.S. Kim, G. Myung, J.W. Park, Y.D. Yoo and H.J. Jeong	S53
Parasitism of harmful dinoflagellates in Korean coastal waters M.G. Park, S. Kim, E.-Y. Shin, W. Yih and D.W. Coats	S62
Red tides in Masan Bay, Korea in 2004-2005: I. Daily variations in the abundance of red-tide organisms and environmental factors H.J. Jeong, Y.D. Yoo, K.H. Lee, T.H. Kim, K.A. Seong, N.S. Kang, S.Y. Lee, J.S. Kim, S. Kim and W.H. Yih	S75
Red tides in Masan Bay, Korea in 2004-2005: II. Daily variations in the abundance of heterotrophic protists and their grazing impact on red-tide organisms Y.D. Yoo, H.J. Jeong, J.S. Kim, T.H. Kim, J.H. Kim, K.A. Seong, S.H. Lee, N.S. Kang, J.W. Park, J. Park, E.Y. Yoon and W.H. Yih	S89
Red tides in Masan Bay, Korea, in 2004-2005: III. Daily variations in the abundance of mesozooplankton and their grazing impacts on red-tide organisms J.S. Kim, H.J. Jeong, Y.D. Yoo, N.S. Kang, S.K. Kim, J.Y. Song, M.J. Lee, S.T. Kim, J.H. Kang, K.A. Seong and W.H. Yih	S102
Red tides in Shihwa Bay, western Korea: A huge dike and tidal power plant established in a semi-enclosed embayment system N.S. Kang, K.H. Lee, H.J. Jeong, Y.D. Yoo, K.A. Seong, É. Potvin, Y.J. Hwang and E.Y. Yoon	S114
Economic impact, management and mitigation of red tides in Korea T.G. Park, W.A. Lim, Y.T. Park, C.K. Lee and H.J. Jeong	S131

Harmful Algae now covered by Thomson Scientific

As from Volume 3, issue 1, Harmful Algae will be covered in Science Citation index Expanded and in Current Contents Agricultural, Biological and Environmental Science (Marine and Freshwater Biology category). Harmful Algae commenced publication in 2002.
